Summary

Brand & Creative Designer with **7+ years of experience** across diverse industries, growing from hands-on graphic design into broader **brand and creative ownership**. I have worked on **brand identities and visual communication** across digital, print, packaging, campaigns, events, exhibitions, and physical brand experiences. I enjoy taking projects from concept to execution, building cohesive visual identities, and finding the right way to communicate a brand across different touchpoints. My experience includes **visual storytelling, creative development, campaign design, marketing communication**, and working with creative teams and cross-functional teams to bring ideas to life. I also use AI as part of my creative process for ideation, visual exploration, image generation, and production support. Alongside my professional work, I have created social media content that has generated **1.4M+ organic views** through personal creative projects.
